### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Calderon on 4/16/04.

The application has been amended as follows:

Cancel claim 6

Claim 7, line 8, remove "." and insert "and the washing brush substantially conforms to a shape of the resilient support member."

The following is an examiner's statement of reasons for allowance:

As stated in the previous office action:

Claims 3 and 7 both include the limitation that the washing brush has insertion bosses that correspond to holes on the resilient support member. Berg, Benson, Piron and McPherson fail to teach insertion bosses as the fastening means for attaching the brush to the support member, nor would have been obvious to combine references to achieve the claimed invention. Since claims 3 and 7 were rewritten in independent form including all of the limitations of the base claim and any intervening claims, claims 3 and 7 are in condition for allowance.

Art Unit: 1744

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
